Profile on PeoplePerHour: <https://www.peopleperhour.com/freelancer/pushpesh/freelancer/1761759>

Professional Summary

Web developer with 3+ years of experience in designing and developing responsive websites. Proven ability in optimizing web functionalities that improve data retrieval and workflow efficiencies. Innovative use of technology and SEO to drive traffic and engage users. Able to complete projects efficiently and satisfy customers with attractive, user-friendly websites.

As a developer i enjoy learning new languages, frameworks, and technologies in general. The satisfaction of solving problems is what drives me to a better programmer. I always prefer simplicity in my work because i believe when coding/work can be done in simple way then why to choose a complex way for same.

I also have 2+ year of experience as an Web Researcher & Virtual Assistant where my duties is to manage social media platforms and handling basic website maintenance and blog management, Adept at completing assignments such as data entry work and transcription within provided timelines.
